Mise en contexte

La TVA dans le cycle de vie et parcours particuliers

La TVA dans le cycle de vie

Les **parcours** sont de plus en plus **diversifiés et individualisés**

Une période critique pour l'**insertion socioprofessionnelle**, le **bien-être** et la **santé**.

La **qualité** de son déroulement **dépend** de nombreux **facteurs**.

La TVA chez les jeunes peu scolarisé·e·s

(Berthet et al., 2021; Klug et al, 2019; Lavoie et al., 2021; Nanhou et Desrosiers, 2019; Ramsdal et Wynn ; 2021; Thouin et al. 2023a; Thouin et al. 2023b)

TVA dans un contexte de soutien réduit

Risque accru de rupture de services.

Accès inégal aux services de soutien en santé, en orientation et en apprentissage.

Le soutien social : une épée à double tranchant

Facteur de **protection** ou source de **fardeau**

Selon **disponibilité** et **qualité** du soutien social

Réseau social **limité** pour les jeunes qui gravitent en dehors des milieux d'éducation ou d'emploi

Le soutien social **formel** comme lien **compensatoire**

Nécessité de renforcer le soutien offert

Peu de connaissances concernant :

- Les parcours de TVA chez les jeunes vulnérables à la fois sur le plan scolaire et social
- Expériences spécifiques des jeunes en dehors des institutions et de l'emploi
- Rôle et effets du soutien social

Question et objectifs de recherche

De quelle manière le soutien social contribue aux parcours de TVA des jeunes en situation de vulnérabilité sociale et scolaire ?

1

Identifier les défis rencontrés par ces jeunes ainsi que les ressources déployées ou utilisées durant leur TVA.

2

Examiner les liens sociaux et leur rôle sur la capacité de ses jeunes développer et réaliser leur projet d'avenir.

Cadre théorique

Méthode

Cadre intégrant l'approche des **Parcours de vie** et le concept de **Soutien social**

Devis et échantillon

Devis qualitatif

Échantillon

Collecte de données

Entrevue semi-dirigée

- *Life Events and Difficulties Schedule*
- **Durée** : 90 minutes environ
- **But** : retracer les évènements, difficultés et ressources

Thèmes abordés

- Logement
- Emploi
- Scolarité
- Relations
- Santé
- Situation financière
- Loisirs, passions et projets identitaires
- Moments charnières
- Situations d'immigration
- Services sollicités

Stratégie analytique

1

Codage

2

Analyse des parcours de vie

3

Analyse des liens sociaux

4

Comparaison inter et intra

Résultats
préliminaires

Difficultés dans plusieurs sphères

Situations d'itinérance,
instabilité résidentielle

Endettement, faillite,
précarité alimentaire

Instabilité en emploi,
conditions de travail difficiles,
faibles salaires, dynamiques
d'intimidation

Retards et échecs scolaires,
décrochages répétés

Anxiété, dépression,
consommation, jeux vidéo et
idéations suicidaires

Maltraitance, négligence,
abus et violence

Rôle du soutien social

Configurations soutenantes

Réseau constellé

F20IUE a vécu une rupture difficile mais elle a complété sa formation professionnelle et occupe un emploi dans la carrière souhaitée.

Réseau avec personnes-ressources

H20RE a traversé une période d'instabilité en emploi qui le motive à reprendre ses études. Il est en voie d'obtention d'un DEP.

Conditions facilitantes

Adéquation entre besoin et disponibilité du soutien social

- Temporalité et durée
- Disponibilité de l'offre de soutien
- Multiplicité des sources de soutien financier

Renégociation des liens

Fardeau financier et de soin

Stabilité et développement de projet d'avenir

Rôle des personnes ressources

Accès aux services

Implication pour la pratique: un changement de paradigme

Organisation de l'offre de **services** ancrée dans la **trajectoire développementale** des jeunes.

En plus de sa dimension relationnelle, une vision **systémique** du **soutien social** pourrait être appliquée à l'organisation des services.

Discussion et piste

À la manière des Aires ouvertes pour la santé mentale, il serait peut-être pertinent de repenser l'accompagnement des jeunes sur la durée et avec une flexibilité qui leur permet de partir et revenir selon leur besoin.

Utiliser le soutien social non seulement dans sa dimension relationnelle mais aussi systémique pour ces jeunes, qui cumulent des difficultés dans différentes sphères de vie.

Conclusion

Rôle du soutien social

La présence de différents liens sociaux dans différents contextes de vie favorise l'accès à différents types de soutien pouvant répondre aux besoins multiples et complexes.

Adéquation entre besoin et disponibilité du soutien social

- Temporalité et durée
- Caractéristiques individuelles (personnes-ressources et jeunes)
- Qualité de la relation
- Offre de services de soutien

Conclusion

Renégociation de liens sociaux néfastes

Soulage des fardeaux financier et de soin associés

Facilite le changement dans les habitudes de vie (p.ex. consommation)

Liens compensatoires

Certaines sources de soutien peuvent pallier le manque de soutien financier et parfois émotionnel à l'exception du manque de soutien d'appartenance (sentiment de solitude)

Instructions for use

In order to use this template, you must credit [Slidesgo](#) and [Freepik](#) in your final presentation and include links to both websites.

You are allowed to:

- Modify this template.
- Use it for both personal and commercial projects.

You are not allowed to:

- Sublicense, sell or rent any of Slidesgo Content (or a modified version of Slidesgo Content).
- Distribute Slidesgo Content unless it has been expressly authorized by Slidesgo.
- Include Slidesgo Content in an online or offline database or file.
- Offer Slidesgo templates (or modified versions of Slidesgo templates) for download.
- Acquire the copyright of Slidesgo Content.

For more information about editing slides, please read our FAQs or visit Slidesgo School:

<https://slidesgo.com/faqs> and <https://slidesgo.com/slidesgo-school>

Infographics

You can add and edit some **infographics** to your presentation to present your data in a visual way.

- Choose your favourite infographic and insert it in your presentation using Ctrl C + Ctrl V or Cmd C + Cmd V in Mac.
- Select one of the parts and **ungroup** it by right-clicking and choosing “Ungroup”.
- **Change the color** by clicking on the paint bucket.
- Then **resize** the element by clicking and dragging one of the square-shaped points of its bounding box (the cursor should look like a double-headed arrow). Remember to hold Shift while dragging to keep the proportions.
- **Group** the elements again by selecting them, right-clicking and choosing “Group”.
- Repeat the steps above with the other parts and when you’re done editing, copy the end result and paste it into your presentation.
- Remember to choose the “**Keep source formatting**” option so that it keeps the design. For more info, please visit [Slidesgo School](#).
